

Calvary supports the GT Water Project through allocated space which enables the project to store, ship and manage water filters and Smile Kits for Haiti and Honduras. Calvary also supports with semi-annual Smile Kit Drives and a monetary donation.

GT Water Background:

- Formed in 2016, GT Water Project, www.gtwater.org
- **Enabled over 900,000 people with the availability of clean water.**
- Focuses on the Latin American countries of Haiti and Honduras.
- **Employ 8 people** in country, we train, hire and pay a living wage.
- **Supporting underserved populations consisting of mostly women and children.**
- Distribute to qualified orphanages, churches, schools and families.
- GT Water Programing costs over \$200,000 per year

GT Water Project Smile created in 2018.

- Noticed lack of dental hygiene especially with children
- Smile Kits are distributed with Water Filters
- GT water distributes over 750 Family Smile Kits per year.
